Guitar chords: C Am F G C Am F / F C F C F C G C

There once was a seed that decided to grow
While others laughed and teased
But that seed just wouldn’t say “no”
In itself it truly believed.

_It took one seed to make a diff’rence_  
_It took one seed to grow up tall_  
_It took one seed to have the courage_  
One seed that’s all.

The seed took root and grew real tall
While the others laughed and teased
You won’t last long, you’ll only fall
But the seed became a tree

_It took one seed to make a diff’rence..._

Now that tree is fully grown
Now it’s making seeds
Strong enough it won’t be long
As they grow up into trees.

_It took one seed to make a diff’rence ..._

Next time that you’re seeking shade
And find it under a tree
Remember that seed and the risk it made
How it grew for you and me.

_It took one seed to make a diff’rence_
_It took one seed to grow up tall_
_It took one seed to have the courage_
One seed that’s all. (Repeat)
